A black and white photograph of a school building. In the foreground, there is a large, dark, leafy tree that partially obscures the top of the building. The building itself is a single-story structure with a flat roof and several windows. To the left of the building, there is a large, dark bush. In front of the building is a grassy field. The sky is visible through the branches of the tree.

A black and white photograph of a schoolyard. A large, leafy tree dominates the upper half of the frame, casting shadows on the ground. In the background, a school building with several doors and windows is visible. In the foreground, a group of five students are standing on a paved area. A girl in a light-colored top and dark pants is in the center, with her arms outstretched. To her left is a boy in a light jacket and dark pants. To her right are two more students, a girl and a boy, both with their arms outstretched towards the central girl. Two other students are visible in the background near the school building. The overall scene is bright and sunny.
